BACK TO SCHOOL RESPONSIBILITIES

GRAYLING SCHOOLS TO OPEN TUESDAY, SEPT. 8TH

Just a few more days and the call of the school bell will be heard, following the end of the summer vacation. All over the land youth will be taking their places in the class rooms and the great work of educating our future citizens will be under way.

We all realize that parents' must sacrifice in order to send their children to school. The average household budget must be cut to the bone and every economy practiced in order to permit them to gain an education.

An education is the best gift you can bestow upon your children. It is the one rock in the desert that the shifting sands will not dislodge, or the elements of time wear away.

Following is the list of teachers engaged for the ensuing year:
Cecile Harris; Marion; Life, W. S. N.; principal.
Miss Winifred Harrod; Saginaw, A. B., Alma; Math.
Miss Dorothy Flanning; Detroit, A. B., Alma; English.

N. Math and Phy. Tr.
Miss Sylvia Rotherberger; Boyne City; Life; Commercial.
Miss Ruth Cavanaugh; Grand Rapids; Life, M. S. N. C.; Phy. Tr.
Miss Marion Sailing; Grayling, Life, D. C.; music.
Miss Martha Weir; West Branch; limited, M. S. N. C.; 6th grade.
Miss Marguerite Thayer; Clare; life, C. S. N.; 6th-5th grade.
Miss Dorothy Rydt; Frankfort; life, W. S. N.; 6th grade.
Miss Winifred McLean; Mancelona; life, M. S. N. C.; 4th grade.
Miss Joy Foutch; Gladwin; limited, C. S. N. C.; 4th grade.
Mrs. Vella Burnham; St. Louis; life, C. S. N.; 3rd grade.
Miss Mildred Bates; Grayling; life, M. S. N. C.; 1st grade.
Miss Mae Richardson; Roscommon; limited, M. S. N. C.; 1st grade.
Miss Ruth Gregory; East Jordan; life, M. S. N. C.; Kindergarten.
Mrs. Erma Gotoh; Grayling; 2nd grade County; C. S. N.; 3rd grade, South Side.
Miss Hazel Cassidy; Grayling, life, M. S. N. C.; Sub. Pri. South Side.

The Teachers Examination

We feel that the recent Teachers examination deserves more than passing notes.

The Board of Examiners marked very closely in April and it was satisfactory.

Supt. Smith gave a very interesting talk to the teachers during the examination. His talk was in regard to a teacher's duty and responsibility after receiving her certificate and contract.

Let's be 100 per cent Americans this year and put Crawford County on the map so far as the teaching profession is concerned.

Those receiving certificates are as follows:
Pauline Edmonds, Ruts Harrington, Lovetta McDonald, Gladwin, Minnie and Will C. Masten received Second grade, Esther Barber and Harry Hart received Third grade.

John W. Payne, Commissioner of Schools.

GOLF COURSE 'NEARLY FINISHED'

FINISHING TOUCHES BEING PUT

The final work toward completing the new golf course of the Grayling Golf club is going on at this time and it is expected that the grounds will be ready for use next year.

The seed for the greens is all ready at hand and is only awaiting suitable weather for planting.

The course is going to be a very fine one, according to the opinion of many who have seen it.

The grounds are very conspicuous and when all is green with grass this is going to be one of the finest and most beautiful courses in Northern Michigan.

The club members are anxiously waiting for the time to come when they may enjoy the privileges of the course, which will be some time next year.

President T. W. Hanson says they already have a fine list of members and that new applications are coming in quite regularly.

The membership fee is \$100 and annual dues \$25.

LIARD COAL STRIKE ORDERED BY LEWIS

158,000 Anthracite Workers to Quit—828 Mines Affected.

Philadelphia.—A suspension of mining in the hard-coal fields on September 1 was called by John L. Lewis, president of the United Mine Workers of America.

The suspension was called because the union was unable to obtain from the operators a 10 per cent wage increase, adoption of the check off, equalization of wages for day workers and various other demands which they made conditional to renewal of the wage contract expiring August 31.

The order involves a walkout of 158,000 men, of whom about 10,000 will probably be left in the mines for maintenance work, such as the prevention of flooding and cave-ins.

On the basis of state figures for 1924 the suspension would affect 828 mines, operated by 135 companies, controlling, altogether, 272 collieries.

Lawson, Publisher, Leaves \$2,505,000 to Charities

Chicago.—Under the will of the late Victor F. Lawson, which was filed for probate Tuesday, the Chicago Daily News, principal asset of the Lawson estate, passes to the control of the Illinois Merchants' Trust company, which is given full power of management, including power to sell the newspaper.

Specific bequests of \$4,775,000 are made under the terms of the will, and of this sum \$2,505,000 is apportioned for benevolent purposes. The biggest bequests are left to the Chicago Congregational Mission and Extension society, the Theological Seminary at the Young Men's Christian association. These total practically three-quarters of the entire estate.

French Advance After Fierce Fight With Rifles

Paris.—Some of the fiercest fighting of the whole campaign marked the attack by the French Nineteenth army corps on the Branes tribe north of Taza.

The rebels, strongly backed by small groups of Rifian regulars, occupied an extremely well organized system of trenches and, despite the terrific aviation and artillery bombardment they have sustained for the last week, they were determined not to cede an inch.

Dentist, Accused of Slaying Wife, Ends Life

Los Angeles, Cal.—Dr. Thomas W. Young, dentist, forty-seven years old, passed and executed a sentence of death upon himself, abruptly terminating a sensational murder trial in which he was accused of slaying his wife, Grace Grogan Young, with lethal gas and burying her in a cistern of a Beverly Glen summer cottage.

The \$1,500,000 estate of the late Patrick Grogan, "olive king," which prosecutors said was the prize for which Young slew his wife last February, now goes to Patrick Grogan, Jr., stepson of the dentist.

Newton D. Baker to Aid in Campaign on Crime

New York.—Newton D. Baker, former secretary of war, is the first man named on the executive committee on the National Crime commission. Mark O. Prentiss, organizer of the commission, announced Mr. Baker's acceptance of membership after a long distance telephone call from Cleveland, where Mr. Baker lives.

Two Men, Two Girls Die When Train Hits Auto

Rockford, Ill.—Two men and two girls were killed and two other men were injured when an interurban train on the Rockford and Interurban railroad struck an automobile near Freeport. The dead are Katherine Cohl, nineteen; Florence Klass, nineteen; Lou Hutton, nineteen, and an unidentified man found in a cornfield near the scene of the accident after ambulances had left.

Screen Actor Breaks Neck

New York.—Charles Beyer, screen actor, supporting Milton Sills, while making pictures at the studio in the Bronx, fell from the stage eight feet to the ground and fractured his neck.

New Uprisings in Syria

Paris.—An attack upon Damascus by Druse tribesmen in Syria is now expected, as a result of the success of the rebels in that district, and new uprisings have taken place in several towns.

T. HANSON TALKS TO SPORTSMEN

GOV. GROESBECK ASSURES M-14 WILL BE PAVED

Edgar R. Cochran, Secretary of Michigan Conservation Board, Lansing, Mich., and Mr. T. W. Hanson of Grayling, Mich., were the principal speakers at a large Sportsmen's meeting, held at Wilson State Park, East Lansing, Mich., on Sunday afternoon August 30th.

At this meeting Asa Aldrich of Harrison, president of M-14 Ass'n and Roy O. Woodruff, Congressman from this district and Tony Aschard of Clare had a personal conference with Governor Groesbeck in his office in Detroit last week and that the Governor assured them there would be no changes made in M-14, that this highway would be paved, starting with next year, and that in addition there would be a paved highway would be constructed along the west side of Houghton and Higgins lakes, into Grayling.

The Governor also stated that it was his intention to make a personal inspection of M-14 and M-18 the following week and invited Congressman Woodruff to accompany him on this tour of inspection.

The M-14 association will continue to function as it is and will be kept alive with a view of beautifying the Highway after same has been paved. Mr. T. W. Hanson and Mr. M. A. Bates represent Grayling as directors in this association. Membership in the Association costs ONE DOLLAR and every citizen of Crawford County should join the association so as to assist in every possible way in the work that is being done by the Association for the benefit of Grayling and Crawford County.

WELL CAVES IN SMOTHERING LAD

Otto Ostrander, 16 year old son of Mrs. Frank Sanders, of the South Side, lost his life when the earth caved in at a well that he was assisting in digging, this noon, burying the young man beneath the feet of dirt.

The accident occurred at a farm located about a mile out of the city on M-14, south of the du Pont plant. Every effort was made to extricate him before suffocation, but because of the huge amount of earth and also the treacherous nature of the embankment, rescue work was slow. It was fully an hour before the body was brought to the surface.

MRS. MARTIN NELSON PASSES AWAY

Mrs. Nellie Nelson, wife of Martin Nelson of this city passed away Saturday morning at Mercy hospital where she had been a patient for several months, following a stroke of paralysis.

Mr. and Mrs. Nelson had long been residents of this city as well as of Lewiston, and have always been held in high esteem in both communities. Nellie Smith was born in New York in March, 1868, and was the daughter of Mr. and Mrs. Charles Smith, who will be remembered by many old residents of Otsego county, where they at one time resided.

The funeral was held yesterday noon at 12:00 o'clock, with services at the home conducted by Rev. J. H. Baughn of the Michelson Memorial Church, following which the remains were taken to Lewiston, their old home, for burial.

CHIROPRACTORS MEET IN GRAYLING

Last Sunday a number of North Michigan Chiropractors met in conference at the office of R. E. Goslow. A special class of instruction was held in the morning in which the latest methods of Painless Adjusting was presented by Dr. C. H. H. of Midland who had just returned from Davenport, Iowa. Following the class of the Chiropractors drove out to beautiful Lake Margrethe where they enjoyed a sumptuous picnic dinner, among those present at the meeting were Dr. C. R. Hoy, Midland; Dr. Grace Herron, Traverse City; Dr. Virginia Brown, Charlevoix; Dr. and Mrs. R. Herdy, East Jordan; Miss Timmons, Mt. Pleasant; and R. E. Goslow of this place.

CRAWFORD COUNTY EXHIBIT AT BAY CITY FAIR.

Crawford county is well represented at the Bay City fair this week by an exhibit prepared, placed and cared for by Mr. and Mrs. W. G. Feldhauser, of Maple Forest Township. Mr. and Mrs. Feldhauser motored down to Bay City last Friday, with a large load of exhibit material which they had been collecting and preparing for some time.

Mr. Feldhauser is quite an expert with these exhibits, having represented Crawford county with exhibits at the Detroit State Fair, as well as the Bay City, Saginaw and Gaylord fairs, and shows unusual taste in arranging the display.

Crawford County exhibits have cost the county but little in late years, as the prizes won defrayed a large part of the expense.

George Washington never told a lie, neither did he play golf.

ENTERTAIN DANISH LADIES

A very delightful affair took place at Houghton Lake last Thursday when Mrs. Edward Sorenson and Mrs. Peter Hanson of that place invited members of the Danish Ladies Aid society to be their guests for the day, making their headquarters at the home of Mrs. Hanson.

As the day was ideal a motor trip was much enjoyed and soon after they arrived the hostesses served a sumptuous dinner, and it goes without saying that it was excellent, as the Danish ladies are noted for being excellent cooks.

In the afternoon the society held its regular business session after which they visited and enjoyed the lake breezes. At evening time again the crowd was served a delicious luncheon, after which the ladies departed for their homes in Grayling. Everyone enjoyed being the guest of Mesdames Sorenson and Hanson.

NOTABLES TO BE AT LEGION MEET

VICE PRES. DAWES AND GOV. GROESBECK INVITED

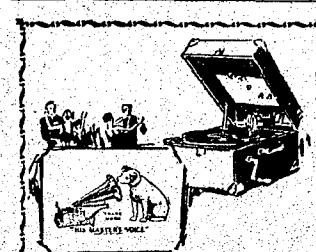

The Seventh Annual convention of the American Legion of Michigan will be held at Bay City, Sunday, Monday and Tuesday, Sept. 6, 7, 8. Members of Grayling Post No. 106, are planning on a big attendance to represent Grayling. Most of them will travel by auto. For the first time the community will also pay tribute every civil and industrial agency that contributed to win the war.

Monday, being Labor Day, the working people of Bay City will join with the World War veterans in a patriotic pageant, followed by a monster mass meeting in beautiful Wenonah Park. Sunday afternoon, at the same place, will come the annual memory service of the American Legion.

Invitations have been issued to Gen. James A. Drain, national commander of the Legion; to Major Harford MacNider, of Iowa, past national commander; to Major John G. Emery of Grand Rapids, past national commander; to Gen. Charles G. Dawes, vice-president; to Mrs. O. D. Oliphant, of Trenton, New Jersey, national president of the American Legion Woman's Auxiliary; to Governor Alexander J. Groesbeck and staff, and to Michigan officials active in winning the war. The cost of the World War to Michigan will be brot close home, by crippled and disabled buddies from the American Legion hospital and the U. S. government hospital, both at Camp Custer. Orphans of the World war from American Legion Billet No. 1, at Otter Lake, will be the guests of honor of the Bay City Legion Auxiliary for the convention.

Michigan's visitors to this year's American Legion convention will be treated to a practical demonstration of all three arms of Uncle Sam's national defense. Airplanes are coming over from Selfridge Field. Airplanes that have made cross country dashes from Michigan to Florida and back, and to San Francisco and back, in record-breaking time. The army and navy will have the veteran fighters "on parade," on the mess line, and at the rifle range firing line, and at the rifle range firing line, and at the rifle range firing line.

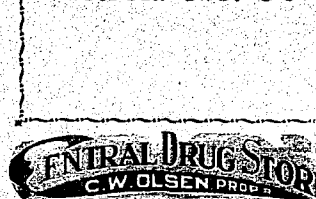

That is the patriotic side of the annual Legion reunion. But the play side will not be neglected. The Women's Auxiliary and lady guests will be well entertained. Every motor car in Bay City will be a "courtesy car" for the convention. Every home will be thrown open to the hero guests. Bay City has long claimed to be "the glad hand town of Michigan," and the citizens committee is already on the job to prove the truth of this slogan to the World War veterans and their guests. Bay City will also make this a "home coming" school morning.

Little!

But oh my how it can play! Costs little too. Take one with you.

Ask for Victrola No. 50

Edsel B. Ford, president of the Ford Motor Company, in a statement issued last Friday following the announcement of the improved Ford bodies and chassis refinements, said: "We do not want the impression to prevail that we are producing new Ford cars."

"Bodies for Ford cars have been materially improved but the Model T chassis remains unchanged except for the lowering of the frame and a few other important changes. Besides, in four types, have been completely redesigned and built lower to contribute to better appearance, driving and riding comfort and roadability of the cars."

"Body improvements and chassis refinements at this time are more pronounced than at any previous time since the adoption of the Model T chassis, the company is safeguarding continued good service for owners of approximately 9,000,000 Ford cars and trucks now in use thruout the country as well as for new car purchasers."

Health Notes

(By County Nurse)

The Salvage shop at the Health Center has paid for itself this summer and is helping to keep up the Health Center. A small amount is charged for each article but those pennies help greatly to cover the expenses of running the place.

Just now we are in need of supplies. School is about to open (has already opened in Frederic and some other places, and clothing and shoes are needed for the children. If anyone will communicate with the nurse or any member of the nursing committee or Miss Alexander, someone will call and the supplies. The nurse will be at her room every school morning.

NEWS REVIEW OF CURRENT EVENTS

Caillaux Scores Heavily in His War Debt Agreement With Great Britain.

By EDWARD W. PICKARD

JOSEPH CAILLAUX, finance min-
ister of France, and Winston Church-
ill, British chancellor of the ex-
chequer, appear to have "put one
over" on the United States. The
Frenchman went to London to fix up
the Franco-British war debt affair,
and after various conferences and a
stormy cabinet session, Mr. Churchill
suddenly offered to accept from
France \$60,000,000 annually for 62
years from her own resources. In-
stead of the German payments un-
der the Dawes plan, with a partial
moratorium for France until 1930.
Put in other words, France is to pay
Great Britain a total of \$3,758,750,
000, representing payments of 2 per
cent interest on the total debt, but
no payments on the principal, which
will be canceled at the end of 62
years. Caillaux naturally accepted
the offer at once and it was believed
it would be approved by his govern-
ment.

This all sounded nice and generous
on the part of Churchill, but the joker
came in his reservation that the offer
was conditional on similar terms be-
ing granted France by the United
States. In his official statement he
said: "His majesty's government made
it perfectly clear that any arrange-
ments between America and France
must be governed by the principle that
Great Britain must receive from
France proportionate and pari-passu
payments to any she may eventually
make to America. It would be no
service to Europe, already so grievously
stricken, if the sacrifices of one
creditor of France were merely con-
ducted to the advantage of another.
Therefore any present Anglo-French
agreement should be considered as
merely provisional pending the Wash-
ington outcome."

To understand the situation, it
must be remembered that the United
states funded the British and Belgian
debts on a basis of principal and 3 1/2
per cent interest. If now we grant
the easier terms to France, it is as-
sumed Great Britain will ask a re-
vision of the agreement made with us
by Prime Minister Baldwin on the
ground that she is entitled to the
same terms as are granted to France.
If we demand more proportionately
from the French than Churchill asks,
America will be pictured as a Shylock
and France will have an excuse to
break off the negotiations in Wash-
ington.

Caillaux, it is believed in London,
will come to Washington in advance
of the French debt commission for
the purpose of arguing that the
United States be no less generous
than Great Britain. He undoubtedly
has scored a great triumph and is in
a strong position. Churchill's status
is less certain. His offer to Caillaux
was opposed vigorously by some of
his colleagues in the government and
is being bitterly attacked in the press.
There are predictions that he has
wrecked his career.

President Coolidge has let it be
known that in his opinion the debt
settlements with Britain and Belgium
should not necessarily be copied in
dealing with France and Italy. The
arrangements with those countries, he
thinks, should be entirely in accord-
ance with their ability to pay; and
he adds that they should be afforded
every opportunity to present to the
American debt commission any reason
they may have for asking more lib-
eral terms than those granted to
Great Britain.

FRANCE won another diplomatic vic-
tory last week when the German
government decided to participate in a
conference of legal experts the pur-
pose of which is to find a basis on
which conversations may be held for
the formulating of a security pact for
Europe. Doctor Gousset of the foreign
office was selected as the German
representative. French Ambassador
De Margerie, in submitting to the Ber-

Division in Norway Over Taking Islands

Oso, Norway.—The new Svalbard
(Spitzbergen) law by which the
archipelago is incorporated in the
kingdom of Norway has been placed
on the statute book after having been
passed in the two chambers by nar-
row majorities.

Norwegians are divided regarding
the benefits to them by the acquisition
of these islands, which were assigned
to Norway by the Spitzbergen treaty

in government the allies' reply to the
original German proposals, included
two invitations, the first for this con-
ference of experts and the second for
a subsequent definite parley of the
German, French, British and Belgian
foreign ministers for the purpose of
drawing up treaties. It appears likely
that the German cabinet's opposition
to acceptance of the French demands
concerning the security pact have
been largely overcome, though the
Berlin semi-official communique de-
clares acceptance of the invitations
does not mean that the proposed con-
ditions have been swallowed whole.

The German comment regarding the
French conditions on which Germany
must enter the League of Nations is
not clear. Chancellor Luitner and other
German statesmen have so com-
mitted themselves to reservations of
Article 16 that it will be difficult for
any German statesman to find a for-
mula permitting unconditional en-
trance. But the comment indicates
that Foreign Minister Stresemann
and Doctor Luitner are already seek-
ing some way in which to meet the
French demands and at the same time
justify the opposition within Germany.

Dusseldorf, Duisburg and Ruhrort,
the "sanctions" cities which the
French and Belgians occupied in 1921,
were evacuated last week by the
troops of those nations. Only a small
waterway commission was left in
Dusseldorf. The Belgians will con-
tinue to guard the Rhineland end of
the bridge over the Rhine. The way
is now open for evacuation of the
Cologne area by the British and this
probably will follow soon. All of
which helps toward a better under-
standing between the allies and Ger-
many.

BEFORE quitting the subject of
war debts it must be recorded
that Senator Borah of Idaho, chair-
man of the foreign relations commit-
tee, has declared his dissatisfaction
with the terms of the settlement with
Belgium, which he says are "almost
universally criticized." Senator Smoot
is trying to pacify him. It is believed
the senate will ratify the agreement,
notwithstanding the opposition of the
influential Borah.

The Rumanian government has de-
clared to send a debt mission to Wash-
ington. However, Finance Minister
Bratiano recently told the powers that
Rumania would not be able to pay
and explained why.

UP TO the time of writing all efforts
to avert the strike of anthracite
miners have failed and probably the
men will quit work on September 1.
The latest offer of the mine owners
was to renew negotiations for a new
agreement, provided it was under-
stood they had not agreed to abandon
their opposition to the check-off and
the wage increase, both of which we
are willing to consider fully, but both
of which we now believe to be un-
sound and unwarranted.

The federal government, it is re-
iterated, will not interfere in any way
except to see that coal supplies are
properly distributed. President Cool-
idge has been assured repeatedly that
the public will not suffer nearly so
much from a strike at this time as
will the mine owners and the workers.
Stocks of anthracite on hand are suf-
ficient to meet the demand until De-
cember. Massachusetts is leading the
way among Eastern states in making
arrangements to abandon the use of
hard coal to a great extent.

FEDERAL and state bureaus made
public reports last week that show
great agricultural prosperity in the
four Middle Western states of Illinois,
Iowa, Kansas and Nebraska. In Illi-
nois the corn is in fine condition and
the crop promises to be the best since
1920. The cotton crop in the south-
ern portion of the state is in excellent
condition. Small grains are reported to
be slightly below average, but the
quality is favorable and the money
returns from increases in the price of
wheat are said to have made up losses
suffered otherwise.

The corn yield in Iowa is expected
to average 40 bushels an acre with a
total crop of about 450,000,000, an in-
crease of 145,000,000 over that of last
year. The expected corn crop in Ne-
braska is more than 200,000,000, and in
Kansas about 100,000,000.

Conditions in the Dakotas are re-
ported about average with the outlook
generally optimistic. The success of

concluded in Paris between the great
powers on February 9, 1920.

On one hand, popular feelings of
national prestige have impelled ac-
ceptance of responsibility for the sole
remnant of what, according to per-
fervid nationalists, ought to be a Norse
empire embracing also Iceland and
Greenland.

The possibility of Spitzbergen be-
coming at some future time an impor-
tant station for transarctic air traffic
is also not lost sight of.

On the other hand, the islands,

corn in these states depends largely
on how soon frosts will set in. Mich-
igan reports are cheerful, with corn
being estimated at about 85 per cent
of normal. Potatoes are reported nor-
mal; beans, 88 per cent; sugar beets,
82 per cent; and the peach crop as
short. The apple crop has been es-
timated at 8,356,000 bushels. Crops in
Indiana are expected to bring about
the liquidation of many frozen credits
in the rural banks, and in Ohio the
agricultural condition is looked at as
being the best since 1915.

BEFORE leaving Washington for his
home in Kansas, Senator Curtis,
Republican floor leader, said the tax
hearings before the finance committee
in October would be brief and that the
bill would be reported quickly to the
senate, and that there would be special
effort to have it passed before
March, when the tax returns for the
next year must be filed. Senator
Reed of Pennsylvania, another Repub-
lican member of the finance commit-
tee, said he would oppose inclusion in
the new tax law of any provision
with regard to capital gains and losses,
holding that the government was los-
ing revenue under the provisions of
the present law taxing capital gains
and would profit by repeal of the levy.

VICTOR F. LAWSON, the late pub-
lisher and editor of the Chicago
Daily News, makes in his will what
might be termed an experiment in
journalism. He gave to the Illinois
Merchants' Trust company full power
to control the Daily News or to sell
it and reinvest the proceeds. In other
words, the banking company stands
precisely in the position Mr. Lawson
himself occupied in control of the
newspaper property, except that the
earnings are to be paid over to the
residuary legatees. President J. J.
Mitchell of the bank assures the pub-
lic that there need be no apprehen-
sions concerning a "capital controlled
press" and that the newspaper man-
agement now in control, trained by
Mr. Lawson in his methods and pol-
icies, will be designated by the bank
to continue the publication.

Many religious, educational and other
semi-public institutions benefit un-
der Mr. Lawson's will, and his rela-
tives, business associates and em-
ployees received generous bequests.
His estate has not yet been valued
but it amounts to several millions.

SOMETHING new was sprung last
week by President Saavedra of
Bolivia, who has been virtual dictator
of the country for several years. Pres-
ident-elect Villanueva was to have
been inaugurated Tuesday, but he had
refused to form a cabinet composed
exclusively of members of Saavedra's
party, so the dictator postponed the
inaugural ceremony and caused a mo-
tion to be introduced in the chamber
of deputies declaring the election of
Villanueva null and void on the
grounds of fraud and of Villanueva's
ineligibility. Saavedra was backed by
the army, assembled in La Paz for the
purpose, and it was taken for granted
the motion would carry and that a
new election within six months would
be called.

IF YOU wish to call on President
Coolidge in the summer
White House at Swampscott, now is
your chance. Mr. Coolidge has de-
cided that during the brief remainder
of his vacation he will devote part of
each day to receiving unofficial call-
ers, most of whom heretofore have not
been admitted. At the week-end the
Presidential party took a trip to Ply-
mouth, Mass., on the Mayflower.

THE body of Ambassador Edgar A.
Bancroft was brought from Japan
to Chicago, where simple funeral
services were held in the presence of
a large number of the nation's most
prominent men. The casket, escorted
by military guard of honor, was then
taken to Galesburg, Ill., for interment.

GEN. L. C. ANDREWS, czar of pro-
hibition enforcement, is getting
his campaign against rum going, hav-
ing appointed the district adminis-
trators and made all plans for the strate-
gic disposition of his army of 10,000
men. Many of the appointments of
administrators are temporary, for
General Andrews hopes to persuade
prominent citizens—dollar a year
men—to accept the posts. So far he
has not had much success in that line.

Following an operation to relieve
pressure against the spinal cord, sur-
geons at Blodgett, Grand Rapids,
were almost certain they could save
the life of Philip Berns, 16, musician,
whose neck was broken in a diving
accident at Petoskey.

Edward Miller, 19 years old, was
sentenced to serve from 1 to 15 years
in the Michigan Reformatory at Ionia
for stealing a tractor and a quantity
of scrap iron from Fred Simpson, a
farmer.

Michigan Happenings

In the largest vote ever cast in
Wakefield, Levin L. Rummel, incum-
bent, was defeated in the race for
mayor by Arthur M. Gilbert, while
three other candidates trailed far be-
hind. The campaign waxed hot a few
days ago when Rummel answered
charges at a public pavilion and was
pulled from the railing and kicked in
the stomach. Rummel has been one
of the leading political figures in Go-
lebo county for a number of years.
He served as chairman of the Board of
Supervisors until last spring.

Jackson's zoning law was held con-
stitutional in a decision by Judge
McPeak, of Eaton County, when he en-
joined the Standard Oil from con-
structing a service station on a lot in
the downtown residential district. The
injunction was sought by persons
whose homes adjoin the property on
each side. The case is said to be the
first of its kind in the state and it
is expected that the Standard Oil Co.
will appeal the decision as \$300,000
is said to be involved.

Lured into the automobile of a
stranger at Jackson, by the promise
of 60 cents, 11-year-old Clarence Up-
dyke thwarted the plans of his kid-
napper when he jumped from the ma-
chine into the road after the driver
had speeded to the country. Bleed-
ing from cuts and bruises sustained
when he struck the road, the lad was
picked up by Mrs. Footman, of Akron,
Ohio, who took him to a farmhouse
and called the sheriff's office.

The first definite step toward es-
tablishment of a municipal aviation
field for Detroit, was made when
Charles P. O'Neill, corporation counsel
filed suit for the condemnation of 161
acres of land for this purpose. The
project was approved 10 days ago by
City Council. Mayor John W. Smith
has been the chief champion of the
project and it was after many months
of campaigning by the mayor and the
plan was finally approved.

The Michigan Securities Commis-
sion has ordered the Detroit Piggy
Wiggly company, now operating 13
stores in and about Detroit, to stop
the sale of its stock until a full in-
vestigation of the company's solven-
cy may be made by the commission.
C. V. McGuire, manager of the com-
pany, has been asked to appear before
the commission September 9. There
are approximately 1,800 stockholders
in the company.

Saginaw voters approved an initia-
tory ordinance granting the street
railway lines an increase in fares from
four to three tickets for a quarter.
The vote was less than 6,000 and the
proposition carried by a margin of
113 votes over the required 60 per
cent majority.

A city drain project involving an
expenditure of about \$200,000 has
been awarded to Macomb County and
Detroit contractors by Edward B.
Miller, county drain commissioner. It
is understood that the work will be
started this fall.

A merger effected here will give
Benton Harbor direct bus service to
Chicago, with a link to Muskegon,
Ludington and Grand Rapids. The
merger is made possible by the sale of
the Alden buses to the Safety Motor
Coach Co.

Three Flint oil station owners,
pleading guilty in police court to hav-
ing defective pump measuring ap-
paratus, paid fines of \$25 each rather
than go to jail for five days. Another
oil man received a suspended sen-
tence.

The first authorization to a railroad
to operate bus lines was issued by
the Michigan Utilities Commission
when the Detroit & Mackinac ob-
tained a permit to establish a freight line
from Alpena to Rogers City and Ona-
way.

Sheriff George W. Colby has placed
a ban on Sunday dancing at Calhoun
County lake resorts, following reports
of conditions at some of the dance
halls. The order does not affect
dance halls in cities or towns.

Sidney Linde, 18 years old, arrest-
ed on the complaint of his mother
that he had forged her name to sev-
eral checks, was sentenced to 30 days
in jail in Mt. Clemens by William
F. Spaw, in justice court.

Mrs. Minnie Jones is to stand trial
during the September term of the Cal-
houn County Circuit Court at Mar-
shall, for the murder of her husband,
William Jones, who died from arsenic
poisoning on August 3.

A bull that objected a ride to the
slaughter house put Bernard Clark, a
driver for an Owosso packing com-
pany, in the hospital. The bull started
to thrash around in the truck and
diverted Clark's attention. The truck
went into a ditch and Clark went
through the windshield. Two cords
in his right arm were severed.

Roy Brown, 49 years old, who fell
two stories while cleaning windows at
the Dort school in Flint, died in Hur-
ley hospital of a fractured skull.

Following an operation to relieve
pressure against the spinal cord, sur-
geons at Blodgett, Grand Rapids,
were almost certain they could save
the life of Philip Berns, 16, musician,
whose neck was broken in a diving
accident at Petoskey.

Edward Miller, 19 years old, was
sentenced to serve from 1 to 15 years
in the Michigan Reformatory at Ionia
for stealing a tractor and a quantity
of scrap iron from Fred Simpson, a
farmer.

John Petoskey, 40 years old, only
son of the famous Chief Petoskey,
after whom the city of Petoskey was
named, is being held in the jail at
Petoskey, on a charge of playing as
the result of a dispute which arose
at the annual Indian picnic at Cross
Village. Petoskey is alleged to have
killed his cousin, Tom Kogeborg,
who died of knife wounds in the
neck. The officers took statements from
a number of persons who at-
tended the picnic, but say they were
unable to learn what the men quar-
relled about.

Monroe County road commis-
sioners plan to ask the State Commis-
sioner of Public Safety to issue an
order designating the old Dixie High-
way as the only road to be used by
northbound motorists between To-
ledo and Monroe and the new Dixie
highway as the route for southbound
traffic between the two cities. The
commissioners believe such a step
would prevent many automobile ac-
cidents, especially on Saturdays and
Sundays, when traffic is extremely
heavy.

W. E. Warner, 45 years old, is re-
ported to be in a serious condition at
Blodgett Memorial hospital, Grand
Rapids, where he was taken after
swallowing a quantity of gasoline.
According to H. W. Shields, of Ann
Arbor, who was with him, Warner
and his wife and daughter were rid-
ing when the automobile stalled.
Warner, discovering that the gaso-
line feed-line was plugged, attempted
to suck out the obstacle and swal-
lowed some gasoline.

Mrs. Theima Halman, of Detroit,
37 years old, wife of George A. Hal-
man, a plant manager for the Fisher
Body Corporation, lost her life while
swimming in Lake St. Clair off Belle
River, near the Halman summer
home, when she dived from the rail
of her 26-foot motor boat, the Theima
II, and was drawn beneath the craft
into the whirling blades of the pro-
peller. Her body was taken from the
water by her husband, who was
swimming with her.

Recommendation that the state of
Michigan proceed with its plan of
leasing certain suitable lands in the
state for the purpose of establishing
game preserves was made at a meet-
ing of Houghton county sportsmen.
The meeting was sponsored by the
Houghton Rod and Gun club, follow-
ing receipt of a request from Direc-
tor of Conservation John Baird that
a local opinion of several conserva-
tion proposals be submitted to his
department.

Ionia county's share of the primary
fund has been received and is larger
than last year, despite the decrease
per capita from \$14 to \$13.70. The
county was apportioned for 8,766 pu-
pils last year and for 9,027 this year,
an increase of 261. The check for
Ionia county this year is \$123,513.11,
as against \$122,724 last year, an in-
crease of \$788.11. Practically every
township has a small gain, but the
city of Ionia has a decrease of \$179.

David E. Crawford, 49 years old,
chief owner of the abandoned lumber
town of Cedar River and joint own-
er with his brothers of 34,000 acres
of timber and farm land, is under ar-
rest on a charge of arson. Menominee
County authorities revealed. He is
accused of causing the fire June 6
which wiped out most of the aban-
doned village buildings "with the in-
tent to defraud" the insurance com-
panies.

After being lost for two days and
two nights in the treacherous Goge-
main swamp, 40 miles south of Sault
Ste. Marie, while hundreds of his
friends and the entire force of sol-
diers at Fort Brady here hunted for
him, James Brady, Jr., 29 years old
was found alive and brought to the
Soo. McKenna became lost from a
fishing party and was at first thought
to have drowned in Prentice Creek.

Alberta Davis, 11 years old, was
taken into custody by officers on the
street at Fraverse City and taken to
the county detention home pending
an investigation of circumstances
that led her to leave her home at
Grawn, 12 miles south of here. She
said that her mother and stepfather
had quarreled with her.

Seventy dollars, of which \$50 had
been collected at a service at the
First Congregational church, was
taken by pickpockets from John La-
mont while he was going home on a
street car, he reported to the police.
Lamont said that he suspected four
men, apparently intoxicated, who
jostled him as he boarded the car,
and then got off a few blocks away.

Frank Crandall, Pontiac dog catch-
er, was badly hurt when he started
to electrocute a dog. One clip was
attached to the dog and Crandall was
holding the other when the current
was turned on. The dog was killed.

An average of 700 certificates of
title for new motor cars are being
issued at the Secretary of State's
Department daily. This means at the
rate of approximately 4,000 a week,
and 200,000 annually. In addition
thousands of motor title certificates
are being issued monthly where own-
ership of used cars changes. The
daily average of new certificates is
said daily is materially higher than
earlier in the year. Secretary De-
Land estimates that 150,000 new cer-
tificates will be issued this year.

Wilmet Jones, 24 years old, a mem-
ber of one of Battle Creek's oldest
families, was held for investigation
by Sheriff Colby in connection with
the murder of John Viellkoff, Buga-
rian cook for a Grand Trunk construc-
tion crew whose bullet-plastered body
was found on Lule's Lake road, four
miles south of Bellevue. Jones, the
sheriff said, admitted having handled
Viellkoff's gun, the instrument evi-
dently used in the killing, but said
that he was merely "fooling with it"
and returned the weapon.

We don't know of anything quite so hot as an automobile cushion that's been exposed to the summer sun.

"Gee, that's good," said a young lady in our store last evening as she began on one of our Chocolate Sodas.

"Spare the ice and spoil the milk," says Emil Niederer.

Next week, when school opens again, we will have our school supplies all stacked up ready to serve our young friends.

TAXES MUST BE LOWERED

With both great parties, and with nearly every leader in the state and national life, pledged to a sensible system of tax reduction, it begins to look as if relief was at last in sight for the over-burdened individual who has been called upon in recent years to assume too great a portion of governmental expense.

The tax problem is one of the oldest economic problems of the universe. Upon that issue governments have stumbled and fallen, and always have their troubles begun when the people listened to the wild harangues of theorists who were bent in foisting upon them the silly schemes of taxing the few for the benefit of the many, and which in the end destroyed industrial and brot commercial and industrial ruin.

Every loyal citizen desires to assume his just burden of taxation, and it is the wise government that makes the load just as easy as possible. Whether tax reduction comes at the hands of President Coolidge or some other individual, it is bound to come, for no man or set of men can give the tax collector more than they keep for themselves and still be able to take their part in building up the great superstructure of national wealth and resources.

A CHANGING AGE

In the old days the great indoor sport of almost every newspaper office was to see how hard they could lambast the corporations. Right or wrong, they were the target for editorial quips and gibes, editorial writers knowing that such attacks were popular with the majority of their readers and consequently an asset at the subscription window.

That was in the days when practi-

cally every corporation was owned and managed by a mere handful of stockholders, and which generally assumed a "public be damned" policy. But a great change has come, not only in the ownership and conduct of corporations, but in the attitude of the press and public as well.

Today practically all great corporations are owned by millions of stockholders who have joined the so-called capitalist class through small investments, and to strike a blow at corporate control by any newspaper is to invite disaster to millions of American citizens who have found safe investments and old age security in aligning themselves with big business. Corporations, wisely managed, are proving America's greatest boon to all classes of our citizens.

DON'T BE MISLEAD

During the last few weeks stories have been particularly rife in Michigan of the fabulous wealth that was being garnered, almost overnight, in Florida real estate. In many cases these stories may be true, but better that you take a lot of them with the proverbial grain of salt. When you are tempted to close out your Michigan holdings and trek to the land of everglades in search of easy wealth, remember the rate of those who in other days heard stories of other El Dorados and departed from the certainties of this state for the uncertainties of other portions of the globe.

It doesn't take a centenarian to remember the time when a lot of our best citizens sold out, loaded their personal effects into box cars and set out on the long journey across the country to raise fruit in California. A generation later there was an exodus of substantial farmers who were lured into the Dakotas to raise wheat, and later others went into the Canadian Northwest. A good many of them never accumulated enough money to come back; some few may have prospered, but of the great majority who later returned, their illusions were dissipated, what of them?

Was their lot in life as rich as it would have been if they had remained in Michigan and shared in the great industrial and commercial growth of the Commonwealth? The farmers of Kimberly roamed the world in search of hidden gold, while their children on the doorsteps played with brilliant pebbles worth more than the wealth of the Indies. We have climate, progress and unlimited opportunities right here at home. Why break the ties of a lifetime to follow strange gods into strange lands?

Ray Clement and Claton Comer of Detroit have been spending a few days at the Ben Yoder home and also enjoying some of our fishing. Mr. Comer was born in Grayling in the place upstairs above what is now the Central Drug store, which was then a meat market run by his father, and Mr. Clement was born in the building now used as a warehouse the Kraus hardware. The latter's father was a Michigan Central railroad conductor. He too is deceased here. Express and will no doubt be looking up some of his old friends.

Nature was responsible for the drying up of a lot of wet spots the past season, but the prohibition officials still refuse to run true to nature.

POLISH THE GOLDEN RULE WITH GASOLINE (By Erwin Greer)

The accident problem would be helped a great deal if both motorists and pedestrians would think less about the welfare of the other fellow. There is too much of the feeling that it is altogether the business of the other fellow to exercise the caution.

The motor car driver thinks it is up to the pedestrian to "watch out." The pedestrian leaves the "look out" entirely to the motorist, hence the reason for the emergency hospital being kept so busy.

Technically, both the driver and pedestrian are right in taking these extreme attitudes, but actually both are wrong. Traffic regulations, whether signals are clear or not, it remains the duty of every car driver to handle his machine intelligently and protect the forgetful pedestrian against himself. And it is the duty of the pedestrian to always remember that motorists are human and—also forgetful.

You must not only be careful but consciously careful. Intelligence is to be preferred to instinct, for instinct may get you into trouble. And remember that when you try and bluff the other fellow, that he too, may be a bluffer, in which case—CRASH! Give the other fellow credit but don't try and outguess him. It can't be done.

If General Andrews succeeds in taking prohibition out of politics somebody might suggest he be given the job of finding out what became of the long lost Charlie Ross.

GRAYLING 10; KAY BEES 2

Last Sunday our base ball team met and defeated Bay City's crack Kay Bee team. The final score was 10 to 2.

"Babe" Laurent was in fine form and held the visitors safe all the way. He allowed only seven hits and struck out eight men. Had it not been a bad throw he would have got by without being scored on. "Pete" Johnson was the man behind the batter and caught a very good game. The infield played good ball and came thru with three fast double plays. The outfielders grabbed everything that came their way. The team as a whole played very well in the field but at bat they were even better. A total of twenty hits, including singles, doubles, triples and a home run.

"Fuzzy" Reynolds, our hard-hitting short stop connected with one that was good for four bases.

The Grayling team plays the first day at the Gaylord fair and are in hopes of seeing a few more local fans there than they did at our park Sunday. There were only 60 paid admissions Sunday.

FREDERIC SCHOOL OPENS.

School started Monday August 31 in Frederic with an attendance larger than usual for the first week, ninety-one enrolled the first day, 23 in the Primary department, 23 in the Intermediate, 20 in the Grammar, and 20 in the High School. Firm reports that have come in there will be about 30 regular attendants in the High School and this will be a larger number than we ever had before.

We have already contracted for a Lecture Course which will be fully announced later and we wish to put all the enthusiasm and interest possible into the work of making our school a success this year. In other words we want to make this the banner year for Frederic.

We have a new school building that cost \$30,000 and it is equipped for teaching any subjects, the same as other high schools in the state.

Our corps of teachers this year are as follows:

John W. Payne, Supt. A. B. degree and life certificate, Hillsdale Co. G. Lynn Garrett, Prin. life. C. M. N. S.

Pauline Edmonds, Grammar, C. M. N. S. 2nd grade certificate.

Bessie Odell, Intermediate, C. M. N. S. 2nd grade certificate.

Ethel Munroe, Primary, C. M. N. S. 2nd grade certificate.

The work is too heavy for the faculty in the high school and the Board of Education will meet this week to make arrangements for a teacher to relieve the superintendent and principal of some of their subjects.

Let's all put our shoulders to the wheel to make Crawford County Schools the best ever this year.

I. W. W. to Minnesota

Fargo, N. D.—Determined to rid this community of possible trouble makers, citizens sworn in as deputies by Sheriff John C. Ross of Cass county executed 118 alleged members of the Industrial Workers of the World out of Fargo.

They were taken in two groups and sent across the Red river to Moorhead, Minn. The alleged "wobblies" come to the section every fall as part of the harvest-hand rush. Those showing no inclination to go to work were taken into custody.

RED STAR Detroit Vapor OIL STOVE

The Red Star is a little different. It burns common kerosene oil but there are no wicks to smoke and to clean. Call at our store and we will demonstrate to you how we with a priming can fill the two rings in the burner and then when we turn on the oil watch the nice blue flame. It will appeal to you that here is a

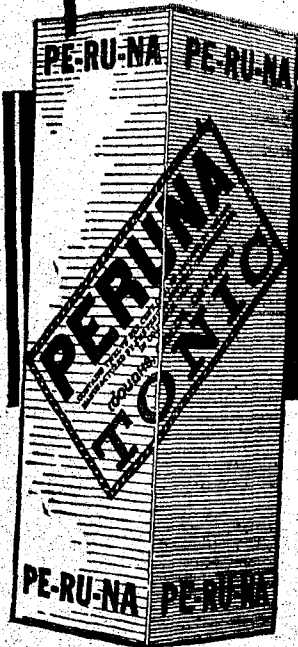

Stove far superior to any other Oil Stove on the market. Nothing flimsy about it; it is strongly made. The burner weighs eight pounds therefore it is not very easily warped out of shape and is very effective. There is no quicker stove to heat and it is just fine for baking. You are cordially invited to visit our store and inspect the Red Star Stove without any obligations to buy.

The New Package

Send 4 Cents for booklet on catarrh to the
Pe-Ru-Na Company, Columbus, Ohio

—the same dependable remedy that over a period of more than fifty years has been found so reliable in the treatment of catarrh and diseases of catarrhal nature.

The outside of the package only has been altered. To facilitate packing and reduce breakage in shipping, the paper wrapper which has identified the Pe-Ru-Na bottle for many years has been displaced by a substantial pasteboard carton.

Pe-Ru-Na cannot be made any better. Three generations of users testify that Pe-Ru-Na is the best remedy in the world for catarrh and diseases of catarrhal origin.

The remedy our fathers and grandfathers used with so much satisfaction is still the standby for the ill of everyday in thousands of American homes.

Wonderful Memory

Representative La Guardia, whose memory is marvelous, said at a dinner in New York:

"A course in mnemonics never comes amiss. Most people think they have good memories, but a lesson or two in mnemonics would show them that they're as bad, almost, as the old lady."

"The old lady said, you know: 'My memory is excellent. There are only three things I can't remember. I can't remember names, I can't remember faces, and—and I forgot what the third thing is.'"

Watch Your Kidneys!

Your health depends upon your kidneys. When your kidneys are inactive, blood and nerves are poisoned and many mysterious ills result. You feel dull and drowsy; get up often at night and suffer annoying kidney irregularities. Your back aches; you have headaches and dizzy spells; your nerves are constantly on edge and you are always tired. If your kidneys are sluggish, help them with **Doan's Pills**. Doan's act on the kidneys only. Are recommended the world over. Ask your neighbor!

A Michigan Case

Samuel J. Northington, a stationary fireman, Gaylord, Mich., says: "I had a heavy dull ache in the small of my back, and mornings when I first got up, my back was stiff and lame. My kidneys were out of order and I was frequently after using Doan's Pills I was completely cured."

COLORFUL FROCKS FOR FALL; DRESSING SMALL MAIDEN

"THE melancholy days are come"—to a time in their history when it's no use trying to be melancholy any longer, for just ahead of them comes one brilliant style show after another, setting forth the most cheerful, sensible and interesting apparel for fall—not a melancholy note in it! These new fall garments put every holder in a good humor; they reveal an advance in the art of designing and making beautiful clothes suited to the needs of American women. There may be a few freakish things among them, but the discriminating need waste no time on them, and do not.

In colors there are some new shades and several old favorites revived. Among the first there are colors

Stylists who devote themselves to children's clothes appear to be having little trouble nowadays with the "difficult age." When little Miss reaches the pin-feather stage, anywhere from six to early teens, the majority of her clothes are very simply designed and sensibly made. It is their mission to give her freedom to be as active as she will, and to keep her more or less unconscious of what she wears. When occasion requires dressier things her clothes are still simple as to line, but much ingenuity is lavished on them in order to give them distinctive and charming style touches.

Paris offers the two chic frocks shown in the picture, among dressy

Beautiful Costume for Fall.

fee, rosewood, reddish-purple, several strong blues and soft rose shades, warm browns and golden pheasant, and with them are navy, gray, wine, fuchsia and black. Metal brocade and gold embroideries or gold buttons provide touches of splendor and are dressed with the proper restraint. In dresses designed for the street the fullness is introduced by means of pleats, and the straight silhouette preserved. There are also numbers of straight-line models. Sleeves are long, in afternoon frocks often decorative, and in neck treatments there is so much variety that no one style

frocks for late summer, and, with longer sleeves, they may be developed in wool fabrics for fall and winter, or in the heavier wash materials—plain linens, cotton broadcloth and similar weaves. The scarf-collar in the frock at the left, finished at the ends with peasant embroidery, promotes its chances as a popular fall model. It has a pointed, embroidered pocket supporting a little silk tassel—which little detail has a very French accent. It would be pretty in any of the plain colors in flannel—almond green, pencil blue, buff, burgundy or red, or in the staple navy and brown shades. A fancy braid and buttons

Suitable for Miss Six-to-Twelve.

dominates, but the trend is toward higher neck lines. A conservative herald of fall modes appears in the tan-colored flannel dress, with navy figures, shown in the picture. It is bordered in dark red, the border outlining the skirt, which is split at the sides and finished with red buttons. The narrow girdle is made of the figured flannel.

This three-color combination is very pleasing, and there are many well-balanced combinations of navy with the different red, copper and fuchsia shades in the new frocks.

Boleros

Owing to the shorter waistlines, the bolero effects are coming into more prominence for both women and silk costumes. These short coats, for that in effect is what a bolero is, reach only to the waistline. Many dresses now have straight backs but a bolero effect in front.

Bows Everywhere

Bows are a prominent form of trimming. Everything that is capable of being tied is made into attractive

bows. The scarfs on coats are tied in becoming bows on the left side. Russian calfskin shoes are also made to feel this bow tendency. Smart booties show walking shoes as well as dress shoes finished with tailored and novelty bows.

Colorful Wedding Gowns

Color, which is conquering the world, has not been omitted from the modern wedding procession. A faint tone of blush pink appears in some wedding gowns and even in the veil.

Daddy's Evening Fairy Tale

MARY GRAHAM BONNER
CONTRIBUTOR TO THE NEW YORK HERALD TRIBUNE

THE RACKET ROGUES

Of course there are a great many of them. There have to be a good many of them in order to play the game in the way it should be played.

It is called the racket game. It is not played with either one racket or many rackets. But there are plenty of players.

The rules of the game are few. In fact there is only one chief rule. If they all obey this chief rule it is all that is expected of them.

The chief rule is that all should make as much noise as possible, and they play many times when no one is certain that they are playing, but when they are certain that there is lots of noise.

Those who play this game are called the Racket Rogues.

They call themselves rogues because they love to be naughty and full of pranks and mischief. They adore mischief and nonsense, but above all they love noise.

They love noise so much that they could never have called themselves anything but Racket Rogues.

When there is about to be any noise anywhere some of the members of the Racket Rogue club are always on hand. They are ever ready for noise.

They laugh and talk at the tops of their voices. They shriek and yell and scream.

They exclaim and shout and howl. They move things with as much noise as possible. They do everything that they do with all the noise they can.

They walk heavily, they jump heavily. They talk quiet and stillness and silence.

The reason why only some go to join each noise they hear is that there

They Are Quite Fat.

must always be plenty of others ready to join another racket that is going on.

It would not be right for any racket to be happening without some of the Racket Rogues taking part.

They look like naughty little gnomes and they are quite fat and their feet and hands are quite large. They have wide-open eyes which are very bright and keen blue in color.

They have eyes that aren't going to miss what is going on, and wonderful hearing.

They hear a noisy game being played and without being seen they are about, adding to the general cries with their cries, too.

They hear a lot of commotion and they are on hand, too. They wear invisible suits, which means that the eyes of people cannot see them.

But they can hear them, although they do not always know it is because of the Racket Rogues.

All they know is that they hear a great racket and it seems much noisier than it should be.

It is then that the Racket Rogues are about.

Whenever you hear a great racket you may be sure the Racket Rogues are around adding their part.

Sometimes you will hear people say: "My, what a racket there is!"

When you hear people say that you will know what it means.

When some one says: "Dear me, what a terrible racket," you will understand why the racket is so great.

When games are being played quietly you will know that the Racket Rogues aren't bothering about these quiet games and that they are waiting for more excitement.

Oh, you can't mistake the Racket Rogues even if you never lay eyes on them.

You will hear them and the Racket Rogues will laugh and shout and cry: "Come on, every one of us that is here. Show what we can do. For we're the Racket Rogues, we are!"

Her Dress Was Dry

The young lady of the house looked sad and ill at ease.

"What's the matter, Evelyn?" inquired her father.

"Well, dad," she replied, "you might have told me that you had painted the garden seat. Fred and I sat on it last night, and Fred got his coat and trousers in a dreadful mess!"—London Telegraph.

For Pete's Sake, Hurry Up

Her Mother—Has Ferdinand any favorite song to sing while he bathes?

Mrs. Pester—When I start in to speed him up he usually tunes up with "I Hear You Calling Me."

View of Southern Cross

The Naval Observatory says if the earth had no atmosphere the southernmost star of the Southern cross could be seen just above the horizon in latitude 27 north, but, since the atmosphere prevents stars from being seen at the horizon, it would be necessary to go a few degrees farther south in order to see it. How high a star has to be above the horizon in order to be visible depends upon the brightness of the star and the condition of the atmosphere.

Might Be Construed as "Gentle Hint"

Little Francis Irwin, film prodigy, is very partial to ice cream cones and discovered that the way to get them was to speak up on any and all occasions.

His parents often reproved him and finally, with the threat of a spanking hanging over his head, little Francis lapsed into silence.

A few days later the company went on location. Francis said not a word and when the car hesitated while the driver tried to ascertain which street to take, one of the party asked the child if he were getting sleepy.

"Oh, no," said Francis, "I was just wondering if you were looking for a drug store."

Knew All About Pajamas

Woman's right to dress like a man is not recognized in the Balkans. A Bulgarian girl, well known for her enthusiastic work on behalf of the Y. W. C. A., recently returned from a trip abroad carrying in her suitcase several suits of new pajamas. The customs officials at the Bulgarian frontier said that each suit was liable to a tax of \$2.

In vain the girl protested that the pajamas were wearing apparel and would be worn by her. The customs officials remained obdurate, saying: "Those are men's clothes and are not for women to wear!"

There are no gains without pains.

Printer's Sick Stomach and Headaches Almost Cost Job

Mr. K. M. Collins of Woodhaven, N. Y., says, "Instead of plodding through my work wearily on account of sick headaches and sour stomach, I now enjoy good health and ambition, can do more and better work and life is worth living. I have never before given my name to advertise a medicine, but you cannot imagine how different I feel since I discovered Carter's Little Liver Pills."

Carter's Little Liver Pills tone the whole system through the liver and bowels. They act as a mild and effective laxative, in a gentle manner without any bad after effects.

Recommended and for sale by all drug stores.

SOME MIDDLE-AGED WOMEN ARE AILING ALL THE TIME

Mrs. Ackerman and Mrs. Mayer Tell Women How
Lydia E. Pinkham's Vegetable Compound
Helped Them at This Trying Period

MRS. ELSIE ACKERMAN
CONVOY, OHIO

Convey, Ohio.—"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisement I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it."

it, and before she had taken one bottle she said to me: 'You won't have to pay for it! It is helping me wonderfully!' And she took three bottles of it. You can use my testimonial if you wish."—Mrs. ELSIE ACKERMAN, Convey, Ohio.

Mrs. Mayer's Experience

Litchfield, Conn.—"I have given your medicine a fair trial (I am on my fifth bottle) and can truthfully say that it has helped me. I am at the Change of Life and was not able to sleep nights, had indigestion, palpitation of the heart, pains in my right and left sides (more so if I hurried), had a rapid beating in my left ear and dreaded to see night come. I felt smothered if I lay on my left side, I had gas dreadfully, at times felt as if some one had me by the throat, had hot waves through me and sometimes I would shake in spells of nervousness. I am taking Lydia E. Pinkham's Vegetable Compound and I cannot praise it enough. I can say it does all it claims to do and I can recommend it to my friends. I can sleep much better, the pains in my sides are gone, I am not so nervous, my digestion is much better, and I very seldom have the hot waves. I must say that the Vegetable Compound is the best medicine for women's ills and I will answer letters from women asking about it."—Mrs. JOSEPH MAYER, Sr., Box 88, Litchfield, Connecticut.

The Elephants Will All Be There

If you go to the seventy-sixth annual Michigan State Fair, which is to be held in Detroit from September 4 to 13, you will be sure to see the elephants. No fair is complete without

these giants from the jungles and the Michigan Fair is going to have a herd of them as usual. This year G. W. Dickinson, secretary-manager, has obtained John Robinson's Military Elephants, one of the best elephant acts

that can be procured in America. The pachyderms will perform every afternoon and evening for fair visitors in front of the gigantic new grand stand, which was opened for the first time at last year's fair.

PLANES CRASH IN AIR; TWO KILLED

Army Flyers Crushed to Death When Machines Collide Near Chicago.

Chicago.—Two United States army airplanes, piloted by officers who had won prizes at Camp Grant earlier in the day for superb handling of their machines, crashed 500 feet above the government flying field at Maywood.

Lieut. T. P. Smith, pilot of one, and his passenger, William L. Heptig, a wealthy Board of Trade member, were killed when their plane became unmanageable and plunged, burning, to the ground. Both leaped, striving to open their parachutes, but the distance was too short to allow of the parachutes opening.

The two men's bodies struck the earth and were crushed a few hundred feet from Edward Hines Memorial hospital, filled with war veteran patients. Heptig was president of the Illinois chapter of the National Aeronautical society, captain in the reserve corps, and head of the grain brokerage firm of William L. Heptig & Co. Lieutenant Smith was attached to the United States flying corps of Chanute field, Rantoul, Ill.

Lieut. Robert W. Douglas of Selfridge field, Mount Clemens, Mich., pilot of the other machine, managed to keep control of it and coast in safety to the landing field, although the propeller had been broken off in the collision.

Gov. Small Reviews 33rd Division at Camp Grant

Camp Grant, Ill.—The air service was the feature of the Governor's day celebration at Camp Grant and made up in the amount of attention it received for the slenderness of its representation.

Seven planes, furnished through the chief of the air force of the sixth corps area, Maj. L. H. Drennon, were a spectacular element which cast into the shade the efforts of the entire Thirty-third division, although the division turned out with a review and field maneuvers to welcome the governor to camp.

With Governor Small, who he reviewed the 3,000 troops in training here, were General Foreman, Adj. Gen. Carlos Black and Gen. C. C. Hammond, chief of the military bureau, who had come from Washington for the day.

Hammond Police Capture 3 Alleged Counterfeiters

Chicago.—Three Chicagoans, alleged leaders in the \$500,000 plot to flood the country with bogus \$20 bills, were captured near Hammond after a thrilling chase by police in commandeered automobiles. Shots were fired at the fleeing car before it was brought to a halt. One thousand dollars in the bogus money was found under the floor mat in the tounette. The men are alleged to have attempted to bribe the arresting officers, offering them a bundle of crisp, new bills. All were turned over to federal agents, and were taken to Indianapolis. They said they are Sam Mirabile, thirty-eight; Vincent Cholis, twenty-two, and James Capibanna, eighteen. Mirabile, according to the arresting officers, is a prominent Chicago real estate broker.

Last Tribute Paid to Ambassador Bancroft

Chicago.—Funeral services were held over the body of Edgar A. Bancroft, late American ambassador to Japan, in the Fourth Presbyterian church.

Prominent Chicago business men, who had known Mr. Bancroft during his long and honorable career in Chicago, diplomatic and state dignitaries, professional men and others filled the auditorium as Dr. James G. K. McClure, president of McCormick Theological seminary, began the services.

Among the notables present were Vice President Daves, the Japanese ambassador and his staff, and J. Butler Wright, assistant secretary of state, who acted as the representative of President Coolidge; Chief Justice Taft and Secretary Kellogg.

Pat Powers, Former Head of Old League, Is Dead

Belmar, N. J.—Dr. Patrick Thomas Powers of Jersey City, a former president of the Eastern Baseball league, which later became the International organization, died of diabetes here. He was sixty-three years old. Powers organized the first six-day bicycle race in Madison Square Garden and promoted those events for years. He also organized the old Eastern league, and in 1914, when the "outlaw" Federal league was formed, he headed the Newark team of that organization.

Have You had Your Ride in the Better Buick

You may think you know Buick and Buick performance from having driven Buicks in the past. But you are destined to undergo a new motoring experience—you will discover a new Standard of Performance!

A performance wonderfully improved; 75 horsepower and more to meet the "go" in traffic and to take any hill in high. Engine dependability further insured by the three new seals for the famous Buick Sealed Chassis: air cleaner, gasoline filter, oil filter. Buick approved mechanical 4-wheel brakes for the constant protection of your family and yourself.

Thousands of people are taking rides in the Better Buick every day. If you haven't time to drop into the show room, a telephone call will bring one to your door.

Some people's idea of true democracy is a place where everybody can be boss without having to dig up the Saturday afternoon payroll.

IS YOUR WORK HARD? MANY GRAYLING FOLKS HAVE FOUND HOW TO MAKE WORK EASIER.

What is so hard as a day's work with an aching back? Or sharp stabs of pain at every sudden twist or turn? There is no peace from that dull ache.

No rest from the soreness, lameness and weakness. Many folks have found relief through Doan's Pills. They are a stimulant diuretic to the kidneys. Grayling people recommend Doan's. Mrs. J. Madison, Spruce St., Grayling, says: "I had a lameness in the small of my back and bearing down pains across my kidneys, which made me weary of my strength and left me weak and worn out. I was nervous and my kidneys acted too often. After using several boxes of Doan's pills, from Mac & Gidley's drug store, I was rid of the attack."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's pills—the same that Mrs. Madison had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BEING A HOME-TOWN BOOSTER

This paper believes in Grayling and Grayling's future. It believes that Grayling is destined to be a much greater city than it is today. It believes that the great majority of people living in Grayling have an abiding faith in the city's future and in the Grayling of today. It is this faith that has made Grayling and it is the same faith that is going to continue to make Grayling a greater city.

No one need talk of "putting Grayling on the map. For, all the world knows, Grayling is already on the map; it has had a conspicuous place there for many years. And it is going to remain there—forever.

Grayling is already a great place to live. If one were to look all around the world, none better could be found, when everything is considered, no one honestly can say that any other town is a better place than Grayling. For that reason, if you have any money to invest, invest it in Grayling. It is safer at home than it is

any place else. Keep out of the clutches of the oily-tongued stock salesman who comes from a distance and wants your money to invest in an enterprise, the merit of which you know nothing save what is told you by the man of men seeking to "separate you from your coin."

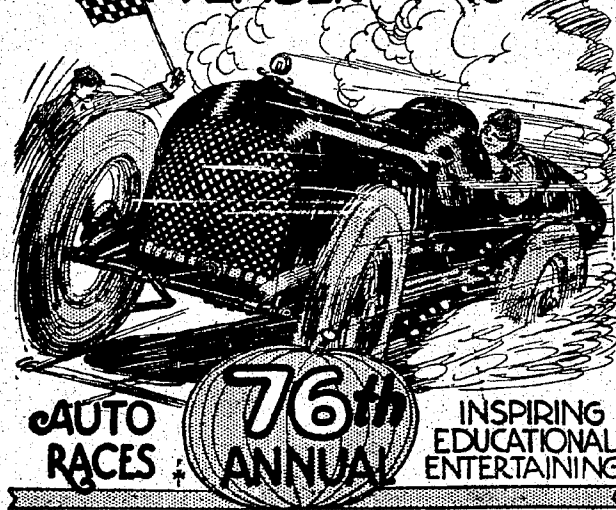

If you have any money to invest, think it over—and then invest in Grayling. Every resident of Grayling ought to be a booster for Grayling, and Grayling enterprises. Owning Grayling real estate will go a long way toward making all citizens a booster for the home town. Build or buy a home—and grow with Grayling, and enjoy to the full all the benefits of being a Grayling home owner.

TENNESSEE TOURIST WAXES ENTHUSIASTIC.

A resident of Memphis, Tenn., after a tour through Michigan went home and wrote a long article for the Scimitar, telling his impression. He applauded the curtesy, charges, tourist camps, towns and villages. He said: "A motor trip through Michigan is a thing of beauty and joy forever. No matter how much it rains, there is no mud. No matter how long or dry the days may be, there is little or no dust."

TOP O'MICHIGAN FAIR AT GAYLORD, SEPT. 15-18

The top O' Michigan Fair will be held at Gaylord this year on Sept. 15, 16, and 18, and according to Herman Lunden, president, every indication points to the best fair in the history of the society. The board has completed every arrangement, and other than making a few repairs everything is in readiness for the occasion, which is known as one of the best fairs in Michigan from all standpoints.

Last year one of the chief attractions were the ball games, and some of the same teams which played here then will be here again this year. On the first day of the fair Otsego county issued a challenge to Crawford county, for a game, Crawford county accepted the challenge, and the two teams will be made up of the best players in the counties.

Wednesday Cheyboygan will play the Onaway team here; Thursday Rogers City and East Jordan and be between Johannesburg and Gaylord. Farmers Hatch of Alpena has been engaged as the umpire for the games, which has found much favor among ball fans for his decisions are absolutely square and unbiased.

Many new attractions have been added to the entertainment at the fair, and the Fair board feel confident that there will be no reason for anyone to feel that they did not get their money's worth and more this year.

Henry Ford says if he gets those 400 ships he's going to scrap 'em. Let's see. Along about the time Uncle Sam was having them built Henry talked almost everything else but scrap.
